AMS will be the trusted partner by providing Unique Expertise in offering Engineering and Product selection Advice for Instrumentation and Calibration Solutions.

December 2015, Volume 14, Issue 11

A MERRY CHRISTMAS

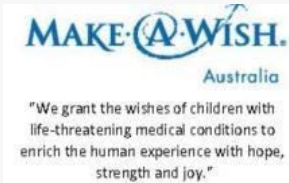

AND

A HAPPY NEW YEAR

from all at

**AMS Instrumentation & Calibration
Pty Ltd**

AMS / Trimec-FP Christmas Donation

This year, as AMS has done for the last 5 years, we have decided not to send out Christmas cards, presents, calendars, etc. to our customers and suppliers, but rather donate the monies to a charitable organisation. Whilst there are many, many worthwhile organisations and sometimes it is difficult to make the right decision. Over the years we have supported many organisations and this year it is decided to donate our monies to the Make A Wish Australia organisation.

[Make-A-Wish Australia](#) was founded in 1985, and now, in their 30th year, have granted over 8,000 wishes to children with life threatening illnesses. They believe in the healing power of a wish. Make-A-Wish wishes give seriously ill children hope for the future, strength to face the challenges of their illness, and joy from their incredible wish experience. As a leading wish granting Australian charity for sick kids they know that there are thousands of children with life-threatening illnesses who would benefit from the healing power of a wish, so they're working hard to grant more and more each year.

Find out more about [Make- A-Wish@ across the globe](#)

Included in the donation is the amount raised during 2015 from the Casual Friday collections by our generous staff. AMS as usual has agreed to double the amount raised.

AMS News

2015 proved to be an exciting year for AMS where most of the previous sales records were smashed. In particular Beamex had an outstanding year with more than double the expected sales. FCI, McCrometer and Noshok were also outstanding performers. Other lines have also been performing well. A special thanks must go out to the Queensland team that went all out to achieve an incredible

Sales Meeting

The sales meeting just before the Christmas break proved to be invaluable with participation from all to discuss not only sales strategies, but more in-depth technical discussions on our product lines and get more insight in the customers processes and applications. All agreed that it was a great meeting and in particular the Christmas party afterwards which was held in the Yarra Valley,

Queensland Office

As mentioned in AMS News the Queensland office performed exceptionally well in 2015 and we look forward to another great year in 2016 with some of the thoughts they have in mind to involve their customers. As can be seen from the picture Brian Plöse and Ernest Albertyn accepting their 2015 Achievement award with pride.

result. We further saw staff changes with Anil, Rahul and Fahim joining us during the year in various positions. We are also pleased to announce that Peter Sims has joined AMS as Sth Eastern Sales Manager. Peter has many years experience in the instrumentation industry in a variety of management roles.

Victoria's prime wine region, at Meletos with all the wives present, which was deemed to be the best ever.

A special mention must be given to our WA team of Michael Hicks and Martin Stanley, which had the best sales result ever this year.
